

Workshop "The Ecosystem Approach of the CBD" - [Preliminary](#) Programme

06.04.2006

Sunday, May 28th

19:30 Pre-workshop meeting in a restaurant in Kiel

Monday, May 29th

09:00 Bus Transfer Kiel-Salzau (starting at the information desk of Kiel Central Station)

Greeting Adresses and Workshop Organization

10:00	Bork, Hans-Rudolf	Kiel	Greeting Address
10:10	Müller, Felix	Kiel	Workshop Introduction

The Political Demands of the Ecosystem Approach

10:30	Stadler, Jutta	Vilm	Introduction to the ecosystem approach
10:50	Coffee Break		
11:20	Korn, Horst und Jutta Stadler	Vilm	The Ecosystem approach of the CBD: the past, present demands and future perspective
11:40	Klaphake, Axel	Berlin	The institutional dimension of the ecosystem approach
12:00	Haak, Christian	Leipzig	The ecosystem approach and ecological research- Too much to handle?

12:30 **Lunch Break**

The Scientific Potentials of Ecosystem Research

14:00	Müller, Felix	Kiel	Ecosystems - concepts, theories, and indicators
14:20	Windhorst, Wilhelm	Kiel	Ecosystems - potential management applications

14:40	Dierssen, Klaus	Kiel	Functional aspects of species diversity - misinterpretations and challenges
15:00	Fath, Brian	Townson, USA	Cyclic energy pathways in ecological food webs
15:30	Coffee Break		
16:00	Jopp, Fred	Berlin	NN
16:20	Fränzle, Otto	Kiel	Multi-scale analysis of an ecosystem complex in Northern Germany and related management strategies
16:40	Barkmann, Jan; Schönthaler, Konstanze; Müller F	Göttingen u.a.	Synopsis of ecosystem approaches - concepts and tools for environmental management
17:00	Rust, Jenny	Eberswalde	The ecosystem approach in teaching and research at the University of Applied Sciences Eberswalde
17:20	Discussion		
18:00	Poster Presentation		
	Friedrich, Susanne	Eberswalde	Development of practical methods of evaluation for an integrated monitoring
	Modul 2.1.1. OEZK	Kiel	Student's web page presentation
19:00	Dinner		

Tuesday, May 30th

09:00 Creating Working Groups

- A** How can we better integrate ecosystem services and human-environmental interactions into environmental evaluation?
- B** How can the application of scientific methods and concepts be improved in relation to the es approach?
- C** Which institutional settings prevent a better implementation of the ecosystem approach?
Why does it take so much time before international concepts are applied nationally?
- D** How can the ecosystem approach be combined with the concepts of ecological risk and environmental security?

Unifying Approaches

09:40	Mortimer, Diana	Peterborough, UK	Implementing the Ecosystem Approach
10:00	Sitzia, Tommaso	Padova, Italien	Ecological risk assessment as a tool to identify priorities in environmental management
10:20	Zurlini, Giovanni; Zaccarelli, Nicola; Petrosillo Irer	Lecce, Italien	Multiscale fragility of ecosystem services based on land use changes
10:40	Barkmann, Jan; Markgraf Raine; Ott Konrad	Göttingen	The role of economic valuation in social decision-making processes on biological diversity
11:00	Coffee Break		
11:30	Görg, Christoph; Jax, Kurt	Leipzig	Biodiversity conservation as "a matter of societal choice"
11:50	Koehler, Hartmut	Bremen	ReviTec - a modular approach to restoration in consent with the Ecosystem Approach
12:10	Dierssen, Klaus	Kiel	Links between the CBD, impact compensation and restoration ecology
12:30	Lunch Break		

Applications and Case Studies

14:00	Paulsch, Axel	Regensburg	Application of the ecosystem approach in the Alps
14:20	Schmitt, Christine	Bonn	Conservation and use of wild populations of Coffea arabica in the montane rainforests of Ethiopia
14:40	Flitner, Michael	Freiburg	Arbeitstitel: Umsetzung des EA in Waldgebieten
15:00	Singh, Anand Narain	Chandigarh, India	Comparative performance of exotic and native woody plantations on coalmine spoils in India: a case study
15:20	Jax, Kurt	Leipzig	Possibilities and limitations in the implementation of the Ecosystem Approach: a case study from southern Chile
15:40	Reck, Heinrich	Kiel	Ecological approaches for the management of landscape fragmentation
16:00	Coffee Break		
16:20	Working Groups		

19:00 *Workshop Dinner*

Wednesday, May 31st

09:00 **Working Groups**

11:00 *Coffee Break*

11:30 **Working Group Reports**

12:30 *Lunch Break*

13:30 **Final Discussion**

Can we create a "road map" for a wider application of the ecosystem approach?

Which are the emerging research questions? Can they be attained in joint projects and cooperation?

15:15 **Bus Transfer Salzau-Kiel**

....
