- Dean's Office of the Faculty of Faculty of Engineering
  - Engineering Branch Library
  - Building Service
  - Institute for Materials Science
  - Inorganic Functional Materials
  - Biocompatible Nanomaterials
  - Functional Nanomaterials
  - Multicomponent Materials
  - Nanoscale Magnetic Materials
  - Synthesis and Real Structure
  - Canteen
  - IT-Group
  - Central workshop
- Building B
- Institute of Electrical Engineering and Information Technology
  - Power Electronics
  - Lecture room
- Building C
- Institute of Electrical Engineering and Information Technology
  - Integrated Systems and Photonics
  - Nano Electronics
  - Communications
  - Computational Electromagnetics
  - Lecture rooms C-SR I and C-SR II
- Building D
- Institute of Electrical Engineering and Information Technology
  - Digital Signal Processing and System Theory
  - Microwave Engineering
  - Information and Coding Theory
  - Lecture room »Aquarium«
- Building E
- Nanolaboratory (Cleanroom, TEM-Center)
- Building F
- Institute of Electrical Engineering and Information Technology
  - Automatic Control
  - Digital Signal Processing and System Theory
  - Technology for Silicon Based Micro- and Nanosystems
  - Institute for Materials Science
  - Metallic Biomaterials
  - Materials and Processes for Nanosystem Technologies
  - Lecture rooms F-SR I, F-SR II, F-SR III, F-SR IV
- Building G
- Center for Materials Analysis (CMA)
  - Lab rooms
  - Service Center
  - Lecture room G-SR I
